Without insurance: \$250 X 3 = \$ 750 for one year

TOTAL ONE YEAR COST ON AVERAGE FOR ALLERGY INJECTION THERAPY : _____

(Add A and B)

ALLERGY TESTING AND TREATMENT COST FLOW SHEET

II. ALLERGY SUBLINGUAL DROPS:

- A. \$60 per month only if drops are mixed out in 4-6 month treatment
 - a. Full payment for 5 bottles would be \$300 for 5 months of therapy. Some patients are given 6 bottles due to severe allergies which would cost \$360.
 - b. Full payment for all bottles expected at the start of therapy. Due to our storage limits, we are unable to permit partial payment.
 - c. Some patients with a lot of allergies will require two escalations which means that only half of your allergies will be treated at one time. In those situations, then the first escalation will be \$30/bottle and once the second escalation starts, you will be paying \$60/one month of therapy.

- B. If purchasing one month at a time \$120 per month.

TOTAL COST FOR ALLERGY DROPS FOR ONE YEAR IF BOTTLES MIXED OUT

IN 5-6 MONTH INCREMENTS: \$720
